2019
The Grape Exchange (TGE) & The JOB Board

As of 8/28/18, Maria Smith will be handling OGEN, TGE & TJB. Please contact Maria at smith.12720@osu.edu

This service is provided by the OSU viticulture program. The purpose of this site is to assist grape growers and wineries in selling and/or buying grapes, wine, juice or equipment and post JOBS Wanted or JOBS for Hire. The listing will be posted to the “Buckeye Appellation” website (https://ohiograpeweb.cfaes.ohio-state.edu/) and updates will be sent to all OGEN subscribers via email. Ads will be deleted after 4 months. If you would like items to continue or placed back on the exchange, please let me know.

To post new or make changes to current ads, please send an e-mail to Maria Smith (smith.12720@osu.edu) with the contact and item description information below. Weekly updates of listings will be e-mailed to OGEN subscribers or as needed throughout the season. Suggestions to improve the Grape Exchange are also welcome.

The format of the information to include is as follows:
Items (grapes, wine, equipment, etc.) Wanted/Needed or Selling:
Name:
Vineyard/Winery:
Phone Number:
E-mail Address:

Note: Please send me a note to delete any Ads that you no longer need or want listed.

There currently are four jobs listed on The JOB Board. Updates to TGE are listed as most current to oldest.

Mint condition, 100-gallon, 28” fan, all stainless-steel construction  
Asking: $6,000 OBO
For sale: Proptect 8 head vineyard sprayer and Vineyard Canopy Equipment Package
February 6, 2019

Proptect 8 vineyard sprayer has recently had all hoses replaced and was stripped down to raw metal and repainted.

Asking $15,000 (Photos 1-5 below).

Vineyard canopy equipment package includes one Binger Seilzug leaf puller unit (roller type), one Ero Binder (shoot positioning; comes with multiple boxes of staples), and one 3-directional Mast that attaches to both. The Mast is 3-directional moving up/down, in/out, and will change the pitch (useful on slopes and hills). Great saving in time and labor during a busy time of the year.

Equipment is in excellent condition and has been serviced professionally. Have purchased new equipment and no longer need these units. We would like to sell as an entire package as we only have one mast that is needed for both the leaf puller and shoot positioning.

The leaf puller can be operated at about one acre per hour (one operator) and the shoot positioning is about two hours per acre with one operator and one assistant on a four-wheeler or RTV in the opposing row.

Asking $29,500 (photos 6-10)
