The Grape Exchange (TGE) & The JOB Board

As of 8/28/18, Maria Smith will be handling OGEN, TGE & TJB. Please contact Maria at smith.12720@osu.edu

This service is provided by the OSU viticulture program. The purpose of this site is to assist grape growers and wineries in selling and/or buying grapes, wine, juice or equipment and post JOBS Wanted or JOBS for Hire. The listing will be posted to the "Buckeye Appellation" website (<https://ohiograpeweb.cfaes.ohio-state.edu/>) and updates will be sent to all OGEN subscribers via email. Ads will be deleted after 4 months. If you would like items to continue or placed back on the exchange, please let me know.

To post new or make changes to current ads, please send an e-mail to Maria Smith (smith.12720@osu.edu) with the contact and item description information below. Weekly updates of listings will be e-mailed to OGEN subscribers or as needed throughout the season. Suggestions to improve the Grape Exchange are also welcome.

The format of the information to include is as follows:

Items (grapes, wine, equipment, etc.) Wanted/Needed or Selling:

Name:

Vineyard/Winery:

Phone Number:

E-mail Address:

Please send me a note to delete any Ads that you no longer need or want listed.

Note: All bulk wines sold in Ohio is to be sold for blending purposes only, not to exceed 40% of all the wine manufactured and imported. This is according to Ohio Revised Code ([4303.03](#)). This does not at all reflect upon the quality of the wine being sold for this purpose.

The following postings and related content are provided for informational purposes only. Quantity 1 - Electric Apple Grinder (purchased new)

All stainless electric apple grinder (apple crusher/pulper/pulverizer/masher) makes fine pulp of your apples, allowing your apple or fruit press to extract the maximum yield of juice.

Will take whole apples (large or small) down the chute. Also works well for pears and other soft, pit-less fruit.

All structural and contact parts are made from industrial grade AISI 304 stainless steel. All construction is heavy-duty and rugged.

110V, 2 hp (3,400 rpm) motor. It grinds a pound of fruit per second.

A lockout switch in the base of the unit requires the hopper/blade cover to be in place, or power will not be supplied to the motor. Baffles in the chute prevent hand contact with blades.

For sale: Washington State grapes and bulk wines

July 21, 2023

Hello, I'm Lisa Kendall, your matchmaker for Washington state grapes and wine!

Our team has the knowledge and experience to help wineries - big and small - succeed. Our long-established relationships with vineyards and the 900+ wineries in Washington give us access to quality grapes/wine and needed market services.

Our Services Include

Fresh Hand-Picked Grapes
Sourced from the premier growing region of Washington State. Packed in half-ton cardboard disposable bins. Grapes are stored in a chilled warehouse before being shipped via refrigerated trucks.

Fresh Grape Juice
White grapes are juiced and shipped in 275 and 330-gallon reusable poly totes or via tanker truck during the Washington State harvest season (September - November).

Bulk Wine
Drawn from some of the best Washington wineries, year-round. Take the guesswork out of winemaking and source bulk wine to fit your winery's needs.

Logistics
We ship grapes, juice, and wine all over the nation. We can handle the appropriate shipping to meet your needs. This includes a tanker, refrigerated truck, or dry van.

The JOB Board

There is currently **one** job posting

Job Title: Assistant Winemaker/Enologist

April 19, 2023

Job Overview:

Reporting to the Head Winemaker, the Assistant Winemaker will oversee and perform all tasks related to cellar operations, encompassing the receipt of juice and grapes, fermentation, aging, barrel maintenance, and finishing. This role carries the crucial responsibility of upholding the bulk inventory's quality and managing the cellar daily operations for all brands, in addition to meticulously documenting all internal wine movements. This role requires a strong work ethic, attention to detail, and a passion for wine.

Responsibilities:

- Assist the Head Winemaker in all aspects of winemaking, from grape selection to bottling.
- Perform all cellar tasks as directed by the Head Winemaker (racking, transferring, chemical additions, blending, filtering, etc.).
- Operate and maintain winery equipment, such as crush equipment, pumps, and filters.
- Monitor and control the fermentation process, including temperature control and yeast inoculation.
- Conduct chemical and sensory analysis of wine, including pH, alcohol, free SO₂, and acidity.
- Help manage the aging process, including barrel selection and maintenance (SO₂ adds/topping).
- Ensure that all equipment, tanks, fittings, and facilities are clean and sanitized per SOPs.
- Assist in the blending, finishing, and bottling wine.
- Manage the production of home winemaking juice
- Inventory management of cellar products and consumables
- Participate in customer facing activities including but not limited to home winemaker questions and customer service, winemaker dinners, tasting room events, and tours.

Qualifications:

Bachelor's degree in Viticulture and Enology, Food Science, Chemistry, Biology, or related field preferred.

1-3 years of experience in a winemaking/enology role, including experience with fermentation, aging, and bottling or related experience.

Strong attention to detail and ability to multitask.

Excellent communication and teamwork skills.

Basic mathematical skills

Physical Demands:

While fulfilling job responsibilities, the employee will need to stand, walk, use their hands, and reach with their arms. Additionally, the employee may be required to climb, balance, stoop, kneel, crouch, or crawl. While sitting may be infrequent, lifting and/or moving objects weighing up to 100 pounds may be necessary. The ability to work long hours and weekends during the peak season may be required.

Working Conditions:

The Assistant Winemaker will spend much of their time in the winery, which can be noisy and require working in a variety of temperatures and conditions. They may also be required to work outdoors in various weather conditions to manage outdoor tanks.

Compensation:

1. Salary
2. Healthcare, 401(k), 401(k) Matching, Profit Sharing, Employee discount program, PTO

Job Type / Department: Full-time / Production
